‹ Interactive Coding Exercises

Exercise 1 - Debugging Odd or Even

| Overview | My Submissions/Test Runs |

Instructions

- Read this the code in main.py
- Spot the problems 🐞.
- Modify the code to fix the program.

Fix the code so that it works and passes the tests when you submit.

Hint

1. Review the previous lesson and go through the 10 steps to tackle these debugging problems.

Test Your Code

Check your code is doing what it is supposed to. When you're happy with your code, click submit to check your solution.
